

IEEE Global Humanitarian Technology Conference
Seattle, WA USA
October 30 - November 1, 2011

www.ieeeghtc.org

We are pleased to inform you that the IEEE Global Humanitarian Technology Conference (GHTC) 2011 planning is entering the final stages. This international conference is focusing on the research and development of advanced technologies for application to societal challenges. The Paper submittal and review process has been successfully completed with over 150 papers submitted and reviewed. Acceptance notices have gone out to the approved authors and plans are being made for presentations in Seattle.

If you are interested in humanitarian applications of technology, we strongly encourage your presence at the Conference. The Conference will be held October 30 - November 1, 2011 at the Renaissance Hotel in Seattle, Washington USA. The conference agenda, preliminary program, and further details for logistics arrangements are available through the conference web site, www.ieeeghtc.org.

We are proud to include NASA and the ASME Foundation among our list of co-sponsors for GHTC 2011.

Early registration is open now through 16 September for discounted rates. We look forward to your continued interest and participation and hope to see you in Seattle!

Regards,
Keith Moore
